**IT 3000 – Screenshot Template**

- If you do not know how to take a screenshot on your computer, please visit the link below appropriate for your operating system:
    - [Mac](#)
    - [Windows](#)
- When taking a screenshot of the AWS Console, be sure to capture the entire browser window, including the upper right portion of the console which shows your name.
    - For some labs, you will be logged in as a generic user like "User-1." Even if your name is not listed, still please capture the entire screen.
- When you have inserted the proper screenshots, save this document, replacing FIRSTNAME and LASTNAME with your actual names, and then submit via the Assignments section in Canvas.
    - Remember, all labs are due by 11:59 PM Eastern time on Sunday of that module's week.

**Lab 5: Build a Database Server**
**THREE SCREENSHOTS REQUIRED**

After successfully completing step 10, take a screenshot of AWS console and paste it below. **Reminder: be sure your name is visible at the top right.** The screenshot should show a security group named **DB Security Group** that has one inbound rule; if it does not, please review the instructions.
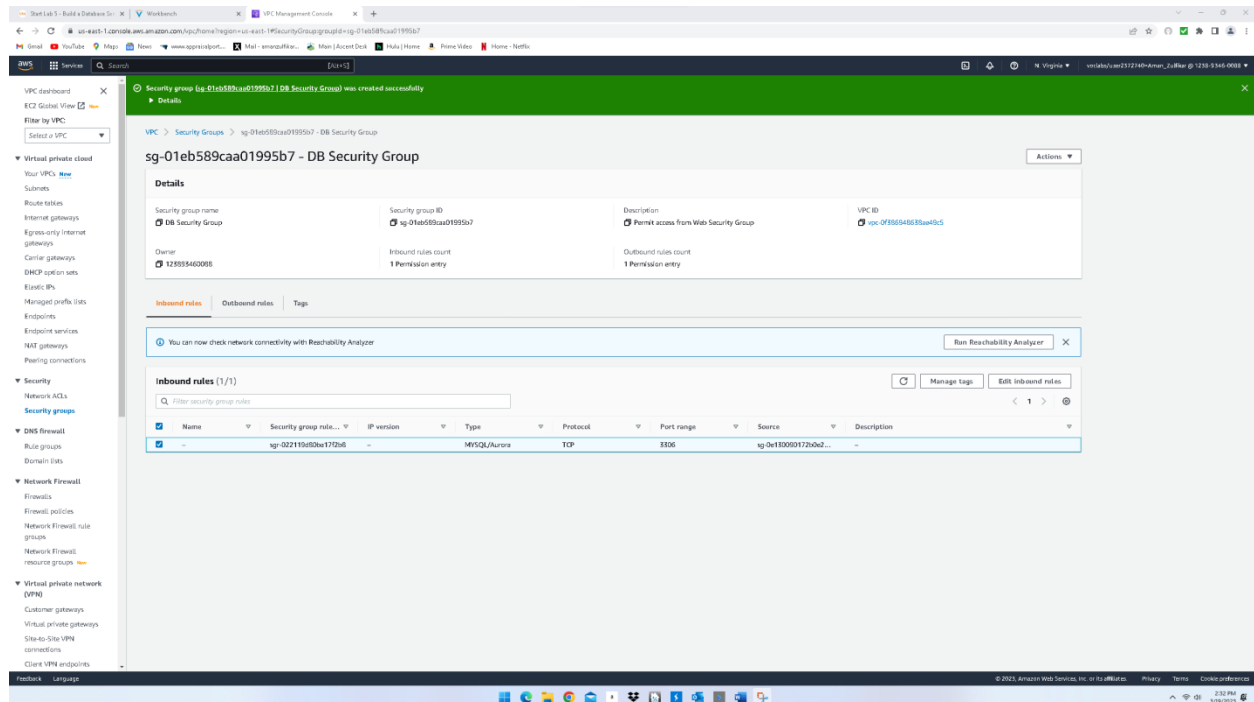

**PLEASE NOTE:** In step 20, choose "Aurora (MySQL Compatible)" instead of "MySQL."
In step 22, choose "db.t3.small" as "micro" is no longer an option.
Disregard step 23.
In step 26, you'll find the "enhanced monitoring" checkbox in its own "Monitoring" section. All other settings are under Additional Configuration as described.

After successfully completing step 27, take a screenshot of your AWS console and paste it below. **Reminder: be sure your name is visible at the top right.** You should have a Database named "lab-db." If you do not, please review the instructions.

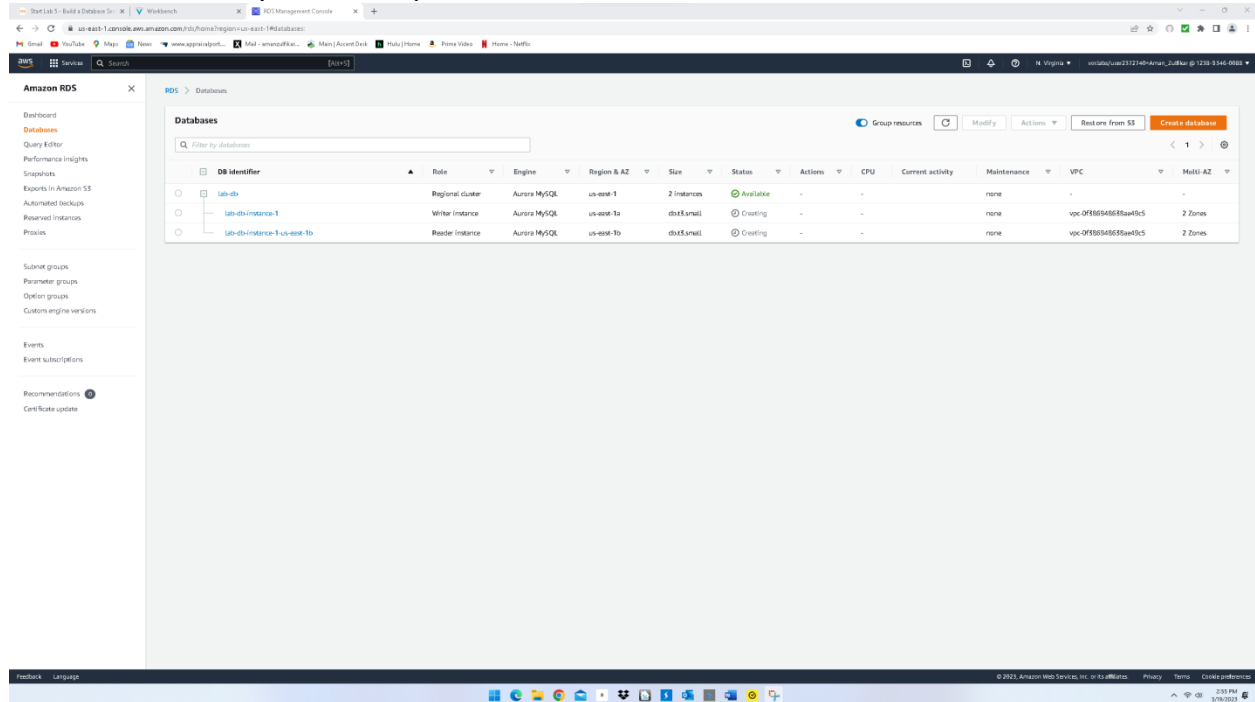

After successfully completing step 35, take a screenshot of your browser and paste it below. The browser should be showing a sample AWS Address Book application; if not, please review the instructions.

## Address Book

| Last name | First name | Phone | Email | Admin | |
|-----------|------------|-------|-------|-------|---|
| | | | | | Add Contact |
| Doe | Jane | 010-110-1101 | jared@someotheraddress.org | Edit | Remove |
| Johnson | Roberto | 123-456-7890 | roberto@someaddress.com | Edit | Remove |
